## **Former Georgia Governor Roy Barnes to be Guest Speaker for the Taste of South Cobb Business After Hours Event**

[Austell, GA]. To bring attention to the promotional efforts of three non-profits, including Christian Aid Mission Partnership (C.A.M.P), Amateur Advocate Association and the South Cobb Rotary, Former Governor Roy Barnes will appear as the guest speaker at the Threadmill Mall for the Taste of South Cobb Business After Hours. Amateur Advocate Association sponsors volunteerism; while C.A.M.P is a food pantry, serving 80 families per day. The South Cobb Rotary is the well-known national business advocate for polio.

Highlighting major expansions; historical attractions, food and art in the region, Former Governor Barnes will present the history of South Cobb, as well as the value of the community's future. Such cities as Austell, Powder Springs, Mableton, Smyrna and Vinings will display the unique and interesting resources of their neighborhoods during the After Hours and Mini Taste. County officials will explain The Riverline historic preservation project; Floyd Road reconstruction; Mableton Township Form Base Code improvements; Six Flags Gateway and other properties.

"As the district's marquis festival and fundraiser for our causes, we are proud to present the Taste South Cobb as a great identity piece for the vicinity," says Albert McRae, co-founder and president of Amateur Advocate Association. The South Cobb area often has been overlooked, and our non-profit organizations believe it is their responsibility as citizens to publicize and shed a spotlight on what South Cobb has to offer. The After Hours is the first of three events the groups will host before the big Taste in November.

The Taste of South Cobb Business After Hours takes place on Wednesday, March 27th, 2013 at the Threadmill Mall and Business Complex in Austell, Georgia. The hours are 5:30 pm to 8:00 pm. Contributions for the affair are tax deductible, and benefit the three organizations and their missions.
